

## BEFORE THEY GO...

Help your travelling patients make smart choices when it comes to protecting their health. Here are some travel immunization resources for healthcare providers:

### Accredited Continuing Education (CE) Lessons:

- **The Basics of Travel Medicine for Pharmacists** – available November 26, 2019 on [healthlearning.ca](http://healthlearning.ca)
- **Advanced Travel Health Services** – available until December 2019 on [healthlearning.ca](http://healthlearning.ca)
- **Pharmacist's Role in Travel Health: A Guide to Patient Immunization Assessment** – from the October 2019 issue of *Pharmacy Practice + Business*, available in English and French on [eCortex.ca](http://eCortex.ca)

**Article:** **Who, What and Where: Vaccinating Canadian Travellers Against Enteric Diseases** by Dr. Brian Aw – from October 2019 issue of *Medical Post*, available on [canadianhealthcarenetwork.ca](http://canadianhealthcarenetwork.ca)

**Video:** How to use the VIVAXIM® dual chamber syringe: [vaccineshoppecanada.com/assets/video/Animation\\_VIVAXIM.mp4](http://vaccineshoppecanada.com/assets/video/Animation_VIVAXIM.mp4)

**Website:** [Vaccinfo.ca](http://Vaccinfo.ca)

Sanofi Pasteur's vaccination resource, developed specifically for Canadians. Includes useful information for protecting against diseases at home and abroad.
